Accreditation

(see Inspection and accreditation)

AIDS

Washington Report: Patient record rules relaxed for HIV testing. Feb/22

AIDS: How to protect your lab on legal issues. Feb/26

A three-pronged attack against AIDS infection in the lab. Feb/37

A supervisor's view: AIDS safety policies are impractical. Feb/45

Washington Report: OSHA unveils AIDS, hepatitis B protection rules. March/23

Editor's Memo: Sharp rise for immune disease testing. April/9

Strategies for dealing with AIDS in the laboratory setting. May/61

Autologous blood: Risks for patients, health care workers. June/59

Washington Report: Employers must pay for hepatitis B shots. July/24

Transfusion-associated HIV infection: The legal legacy. Sept/65

Washington Report: Lab groups criticize OSHA rules for AIDS, hepatitis B protection. Nov/19

Benefits and perks

Special Report: Lab salaries (Part I): Still too low, but rising. Jan/20

Editor's Memo: The impact of rising health insurance premiums. Dec/7

Blood banking

Editor's Memo: Sharp rise for immune disease testing. April/9

Autologous blood: Risks for patients, health care workers. June/59

Transfusion-associated HIV infection: The legal legacy. Sept/65

Achieving better blood bank QA with a transfusion form. Oct/41

Washington Report: Lab groups criticize OSHA rules for AIDS, hepatitis B protection. Nov/19

Budgeting

(see Financial management)

Career development

Viewpoint: Two worlds: Independent and hospital labs. Jan/16

Viewpoint: Strategies to achieve recognition and status. Feb/17

Viewpoint: Build your own career ladder. March/19

How a hospital and university jointly recruit MTs-to-be. Sept/51

Viewpoint: How to achieve star status in the workplace. Oct/17

Viewpoint: Writing effective proposals and job descriptions. Dec/15

Communication

Ways to combat stress in a lab merger. March/49

How to improve your written communication. March/65

Keeping control of your temper. April/65

Video made our lab a star. June/33

Viewpoint: Make meetings count. July/19

Motivating the contemporary employee. Aug/61

Watch your words: How to convey verbal orders. Oct/50

Recruitment and retention (Part II): A warm welcome and adroit coaching reduce turnover. Oct/61

A lab conference that works. Nov/61

Viewpoint: Writing effective proposals and job descriptions. Dec/15

Computers

Computer Dialog: Lab and individual information management. Jan/65

Computer Dialog: Scheduling personnel with an artificial intelligence program. Feb/85

Computer Dialog: Developing an LIS-clinic interface. March/81

New directions in interpretive test reporting. April/26

Computer Dialog: Shareware: Alternative to expensive software. April/73

1989 editorial index

Vol. 21, Nos. 1-12

Subject index	Page 45
Author index	48
Management Q & A index	49
Tips on Technology index	51
Washington Report index	51

Computer Dialog: Microcomputer care and repair (Part I). May/67

Computer Dialog: Microcomputer care and repair (Part II). June/65

The past as prologue: A look at the last 20 years. July/27

Automation: Trends in instrumentation, robotics, computers. July/73

Computer Dialog: A program to calculate and chart monthly QC. July/89

Special Report: Reequipping the lab (Part I): A brisk pace of renewal. Aug/28

Special Report: Reequipping the lab (Part II): How to win approval for acquisitions. Aug/33

Computer Dialog: Using spreadsheet macros to minimize labor-intensive analysis. Aug/73

A special scanner speeds orders for this lab and its satellites. Sept/57

Computer Dialog: Evaluating LIS turnaround times with Lotus 1-2-3. Sept/73

Computer Dialog: Tapping into an electronic bulletin board. Oct/69

Computer Dialog: Med TechNet: A lab-oriented BBS. Nov/79

Computer Dialog: Negotiating the LIS contract. Dec/53

Continuing education

(see Education)

Customer relations

A support program for physicians' office labs. Jan/59

Making lab service more accessible to outpatients. April/61

Quality management: Watchword for the '90s. July/33

Trends in regulation and reimbursement. July/49

New lab consolidations: Competing on a cost basis. July/69

DRGs

(see Reimbursement)

Drug abuse testing

How we marketed drug abuse testing. Feb/65

Education

Assessing the survival of an MT school. Jan/49

A support program for physicians' office labs. Jan/59

A three-pronged attack against AIDS infection in the lab. Feb/37

A supervisor's view: AIDS safety policies are impractical. Feb/45

Viewpoint: Build your own career ladder. March/19

Minority recruitment: An untapped resource for the MT shortage. March/28

The lab's role in cholesterol management. March/37

Resources and strategies for a successful CE program. April/47

A career ladder for MT growth. June/43

Who will staff the laboratory of the '90s? July/59

Preparing your lab for an inspection. Aug/37

Finance skills for the non-financial manager. Sept/39

How a hospital and university jointly recruit MTs-to-be. Sept/51

A hospitalwide task force to reduce lab utilization. Oct/31

Recruitment and retention (Part II): A warm welcome and adroit coaching reduce turnover. Oct/61

Managing your half of dual-career couples. Nov/47

A lab conference that works. Nov/61

Equipment maintenance

Pneumatic tube system: Optimum approach to Stat specimen transport. Feb/55

Computer Dialog: Microcomputer care and repair (Part I). May/67

Computer Dialog: Microcomputer care and repair (Part II). June/65

Preparing your lab for an inspection. Aug/37

A quality assurance manual for the office laboratory. Aug/66

Tracking hematology QC with a concise visual display. Nov/37

Ethics

Washington Report: Two-pronged attack seeks to end physician self-referral. April/21

Viewpoint: A question of professional ethics. June/17

Washington Report: Study fuels drive for self-referral restrictions. July/21

Financial management

Viewpoint: Two worlds: Independent and hospital labs. Jan/16

Special Report: Lab salaries (Part II): Many think compensation has to get better. Jan/29

Selecting laboratory instrumentation. Feb/76

Building outpatient volume through Pap smear testing. March/77

The cost impact of decentralized testing. April/37

Resources and strategies for a successful CE program. April/47

Editor's Memo: Diversification pays off for hospitals. May/9

Trends in regulation and reimbursement. July/49

New lab consolidations: Competing on a cost basis. July/69

Reequipping the lab (Special Report, Part II): How to win approval for acquisitions. Aug/33

Finance skills for the non-financial manager. Sept/39

A hospitalwide task force to reduce lab utilization. Oct/31

Foreign laboratories

(see Laboratories, foreign)

Fringe benefits

(see Benefits and perks)

Government relations

Washington Report: Lab groups assess implementation of CLIA. Jan/17

Washington Report: Reagan budget legacy may haunt labs. Feb/21

AIDS: How to protect your lab on legal issues. Feb/26

Washington Report: OSHA unveils AIDS, hepatitis B protection rules. March/23

Washington Report: Two-pronged attack seeks to end physician self-referral. April/21

Washington Report: Pathologists seek to protect standing order consults. May/21

A model state program for cytology PT. May/57

Viewpoint: A question of professional ethics. June/17

Washington Report: EPA begins pilot program on medical waste management. June/21

Washington Report: Study fuels drive for self-referral restrictions. July/21

Washington Report: House panel approves \$95 million cut in lab payments for 1990. Aug/23

Washington Report: Effectiveness of medical treatment under scrutiny. Sept/19

Editor's Memo: Coming: Prospective payment system for outpatient care. Oct/9

Washington Report: States may not wait for HCFA's lead on POL regs. Oct/21

Washington Report: Economist picked for top HCFA post. Oct/22

Washington Report: Lab groups criticize OSHA rules for AIDS, hepatitis B protection. Nov/19

Legal aspects of self-testing. Nov/22

Washington Report: Deficit-reduction debate impedes action on lab issues. Dec/19

HIV infection

(see AIDS)

Image

(see Professional image and status)

Infection control

Washington Report: Reagan budget legacy may haunt labs. Feb/21

AIDS: How to protect your lab on legal issues. Feb/26

A three-pronged attack against AIDS infection in the lab. Feb/37

A supervisor's view: AIDS safety policies are impractical. Feb/45

MANAGEMENT Q & A INDEX

Accreditation

(see Inspection and accreditation)

AIDS

Who monitors AIDS safety compliance in the lab? Aug/79

Benefits and perks

Benefits for part-time staff members. Feb/91

Lab group wants hospital to offer dental benefit. March/85

How to stop sick leave as extension of holidays. July/93

Nurses' fringe benefits exceed lab workers'. Dec/56

Budgeting

(see Financial management)

Burnout

(see Stress and burnout)

Career development

Sole hematology worker wants management title. July/93

Communication

Lab kept in dark about prolonged disability leaves. Jan/71

How can a two-person POL staff brainstorm? April/77

Blamed when actions approved by boss fail. April/78

Do supervisors talk too freely with administrator? April/79

Accept transfer of argumentative employee? July/96

Are your customers satisfied? Sept/77

Computers

Wants to put clerk in charge of new LIS. June/71

Continuing education

(see Education)

Counseling

(see Discipline and counseling)

Customer relations

Knock competitor's staff to win lab business? March/86

Heart surgery patient omits lab in saying thanks. May/72

Over-ordering of tests to guard against lawsuits. May/72

Why should Dr. Jones call a lab employee by first name? June/74

Are your customers satisfied? Sept/77

Delegation

Orders firing but wants supervisor to tell employee. April/78

Disability leave

Lab kept in dark about prolonged disability leaves. Jan/71

Discipline and counseling

Is counseling always left to immediate supervisor? Jan/71

Marginal performance, four years from retirement. Feb/91

Supervisor threatens to fire but doesn't counsel. March/87

Policy on asking staff members to work overtime. April/77

Board member's relative causes problems in lab. July/94

Dock pay for extended downtime and repairs? Aug/76

Night technologist alters format without consent. Aug/78

Who monitors AIDS safety compliance in the lab? Aug/79

Supervisor fails to enforce unpopular policies. Sept/80

Shushing a bench worker who constantly complains. Nov/75

Duty disputes

When a critical value doesn't get to the floor. Jan/71

MTs get bigger raises than MLTs for same work. Jan/73

Can unlicensed M.B.A. supervise in California? Jan/73

Arranges coverage, still is faulted for ducking on-call. Feb/92

Balks at yielding some duties to fellow supervisor. May/72

Blamed when actions approved by boss fail. April/78

Lab staff uneasy about handling arterial-line draws. July/93

Lab director bypassed in solving problems. Oct/75

Education

Are MT students learning too much theory? July/96

Equipment maintenance

Dock pay for extended downtime and repairs? Aug/76

Petty theft escalates to bigger booty. Nov/76

Evaluation

Can employee force change in personnel file? Feb/92

Rewarding top performers with better raises. June/71

Handling requests for references. June/72

Exit interviews: Sour grapes or *raisons d'être*? Oct/76

Assistant supervisor unqualified for promotion. Oct/78

Financial management

Closing gap between lower payments, higher costs. June/72

Should supervisor give personal financial advice? Oct/78

Fringe benefits

(see Benefits and perks)

Hiring and firing

Protection from dismissal for wage garnishment. Feb/91

Orders firing but wants supervisor to tell employee. April/78

Jobless pay after being fired for repeated errors? May/71

Was it right to hire outsider as new lab manager? July/93

Board member's relative causes problems in lab. July/94

Housekeeping

How to cut down on lab pilferage. March/86

Infection control

Technologist refuses irritating gloves. June/71

Who monitors AIDS safety compliance in the lab?

Aug/79

Infection control nurse overworks lab staff. Oct/76

Inspection and accreditation

Accrediting program for physicians' office labs.

March/85

Must lab satisfy inspector's preferences? May/71

Interdepartmental relations

When a critical value doesn't get to the floor. Jan/71

M.D. avoids channels in scolding phlebotomists.

Feb/94

Averting friction at session on clinicians' lab problems. March/87

Hospital QA changes force frequent lab policy updates. April/79

Do supervisors talk too freely with administrator?

April/79

Addressing the stress of overworked employees.

Aug/76

Nurse appointed as laboratory director. Aug/78

RN administrator lacks respect for lab staff. Sept/77

When purchasing director drags his feet. Sept/78

Lab director bypassed in solving problems. Oct/75

Infection control nurse overworks lab staff. Oct/76

Whom to call with critical values? Nov/77

Nurses' fringe benefits exceed lab workers'. Dec/56

Enforcing lab policies in an academic setting. Dec/58

Laboratory utilization

Over-ordering of tests to guard against lawsuits.

May/72

Addressing the stress of overworked employees.

Aug/76

Legal issues

Protection from dismissal for wage garnishment.

Feb/91

Supervisor threatens to fire but doesn't counsel.

March/87

Orders firing but wants supervisor to tell employee.

April/78

Jobless pay after being fired for repeated errors?

May/71

Over-ordering of tests to guard against lawsuits.

May/72

Does legal dispute among staff warrant transfer?

Aug/80

Maintenance

(see Equipment maintenance)

Management techniques

Seeks staff involvement in planning. April/77

Balks at yielding some duties to fellow supervisor.

May/72

Marketing

Knock competitor's staff to win lab business?

March/86

Morale

(see Staff morale)

Motivation

Marginal productivity from staff that's hard to replace. Feb/92

Improving productivity of employee who just gets by.

March/86

Rewarding top performers with better raises. June/71

Motivating employees without merit pay. Aug/76

Give a pay raise as incentive for improvement?

Sept/80

Grueling schedule wears out staff. Nov/77

Overtime

Policy on asking staff members to work overtime.

April/77

Pros and cons of time clock in lab. May/73

Addressing the stress of overworked employees.

Aug/76

Part-timers

Benefits for part-time staff members. Feb/91

Was per diem worker's promotion favoritism?

Dec/56

FTE protests higher pay for part-timer. Dec/60

Patient relations

Heart surgery patient omits lab in saying thanks.

May/72

Personal finance

(see Financial management)

Personnel shortage

Marginal productivity from staff that's hard to replace. Feb/92

Salvage staff members once they give notice? Aug/78

Physicians' office labs

Accrediting program for physicians' office labs.

March/85

How can a two-person POL staff brainstorm?

April/77

Physician relations

When a critical value doesn't get to the floor. Jan/71

M.D. avoids channels in scolding phlebotomists.

Feb/94

Averting friction at session on clinicians' lab problems. March/87

Over-ordering of tests to guard against lawsuits.

May/72

Why should Dr. Jones call a lab employee by first name? June/74

Night technologist alters format without consent.

Aug/78

Are your customers satisfied? Sept/77

Urging a superannuated pathologist into change.

Nov/76

Problem employee

Protection from dismissal for wage garnishment.

Feb/91

Marginal performance, four years from retirement.

Feb/91

Sexually suggestive curios offend employees.

March/85

Improving productivity of employee who just gets by.

March/86

How to stop sick leave as extension of holidays.

July/93

Histotechnologist dictates his lab schedule. July/96

Accept transfer of argumentative employee? July/96

Perfectionist assistant holds up reports. Oct/76

Shushing a bench worker who constantly complains.

Nov/75

Problem solving

M.D. avoids channels in scolding phlebotomists.

Feb/94

Problem supervisor

Supervisor gets support, section still underperforms.

Jan/72

Supervisor threatens to fire but doesn't counsel.

Blamed when actions approved by boss fail. April/78

When you disagree with your boss. May/71

Balks at yielding some duties to fellow supervisor.

May/72

Board member's relative causes problems in lab.

July/94

When boss keeps piling on extra assignments. July/94

Supervisor keeps running out of supplies. July/94

Supervisor fails to enforce unpopular policies.

Sept/80

Urging a superannuated pathologist into change.

Nov/76

Procedures, policies, protocols

When a critical value doesn't get to the floor. Jan/71

Arranges coverage, still is faulted for ducking on-call. Feb/92

Policy on asking staff members to work overtime.

April/77

Orders firing but wants supervisor to tell employee.

April/78

Hospital QA changes force frequent lab policy updates. April/79

Pros and cons of time clock in lab. May/73

Technologist refuses irritating gloves. May 71

Handling requests for references. June/72

Can small lab skip parallel testing of new reagents?

June/74

How to stop sick leave as extension of holidays.

July/93

Supervisor keeps running out of supplies. July/94

Dock pay for extended downtime and repairs? Aug/76

Night technologist alters format without consent.

Aug/78

Who monitors AIDS safety compliance in the lab?

Aug/79

Petty theft escalates to bigger booty. Nov/76

Whom to call with critical values? Nov/77

Was per diem worker's promotion favoritism?

Dec/56

Enforcing lab policies in an academic setting. Dec/58

Productivity

Supervisor gets support, section still underperforms.

Jan/72

Marginal performance, four years from retirement.

Feb/91

Marginal productivity from staff that's hard to replace. Feb/92

Improving productivity of employee who just gets by.

March/86

Are your customers satisfied? Sept/77

Calculating acceptable workload per individual.

Sept/78

Give a pay raise as incentive for improvement?

Sept/80

When 'TGIF!' is cried once too often. Oct/78

Grueling schedule wears out staff. Nov/77

Documenting productivity in the Stat lab. Dec/61

Professional image and status

Why should Dr. Jones call a lab employee by first name? June/74

RN administrator lacks respect for lab staff. Sept/77

Enforcing lab policies in an academic setting. Dec/58

Promotions

Can unlicensed M.B.A. supervise in California?

Jan/73

Wants to put clerk in charge of new LIS. June/71

Was it right to hire outsider as a new lab manager?

Nurse appointed as laboratory director. Aug/78

Assistant supervisor unqualified for promotion.

Oct/78

Was per diem worker's promotion favoritism?

Dec/56

Public relations

Heart surgery patient omits lab in saying thanks.

May/72

Purchasing

Supervisor keeps running out of supplies. July/94

When purchasing director drags his feet. Sept/78

Quality assurance

Hospital QA changes force frequent lab policy updates. April/79

Are your customers satisfied? Sept/77

Quality control

Can small lab skip parallel testing of new reagents?

June/74

Recruitment

Attracting workers to an aging hospital lab. Nov/75

Regulations

Protection from dismissal for wage garnishment.

Feb/91

Over-ordering of tests to guard against lawsuits.

May/72

Technologist refuses irritating gloves. June/71

Lab staff uneasy about handling arterial-line draws.

July/93

Who monitors AIDS safety compliance in the lab?

Aug/79

Reducing xylene levels that nearly exceed limits.

Oct/75

Reimbursement

Closing gap between lower payments, higher costs.

June/72

Result reporting

When a critical value doesn't get to the floor. Jan/71
